

**Bangladesh High Commission
Kuala Lumpur**

No. 19.01.6001.001.44.027.18

Dated: 24 May 2019

Circular

The Ministry of Foreign Affairs of Bangladesh has developed a mobile application named 'Dutabash' to provide online consular and welfare services to Bangladesh citizens at home and abroad. By using the application the service seekers will be able to submit their papers online for consular attestation. It will also guide them on service delivery procedure, fees structure and status of service request at given point of time. They will be able to make request for any consular and welfare related service from any convenient location. This app will gradually replace the current 'seal-signature attestation' system with 'QR code'.

02. The application is already available in the Google Play Store. It can be downloaded to any android mobile phone. All applicants have to register first to apply for services. If the registration is accepted by the application manager, the applicant can avail consular and welfare services.

03. The app will be formally inaugurated in this mission in about a month.

W. Ahmed
(Wahida Ahmed)
Deputy High Commissioner
